■ Numbers in item names serve as a guide for the amount you can fill. Please check the actual articles by conducting tests such as filling and resistance to the contents.

■ The capacity and bottle size figures are standard values (before decoration and in a standard color), which may differ from measurements.

■ Please note that the specifications are subject to change.

*1 Capacity figures shown in the table are valid without any inside lid.

*2 When coming with a PFR-20 powder inside lid, the cap has no packing.
