PHR-18 flip top cap

Z-100-101

Z-100-113

Z-100-C165F

- These bottles are just 25 mm thick, providing a large printing area.
- The thicknesses of DMR-80/100/120/150 are set to be compatible with over caps.
- Recommended coloring is translucent (with the density tending toward opaque) and darker.

\*1 The over cap PCV-578 is compatible with the DMR-80/100/120/150.

DMR-120	133.4	123.6	58						
DMR-150	167	141.4	62						

\* Numbers in item names serve as a guide for the amount you can fill. Please check the actual articles by conducting tests such as filling and resistance to the contents.

\* Please note that the specifications are subject to change.

\* The capacity and bottle size figures are standard values (before decoration and in standard color), which may differ from measurements.

\* For more details on caps and accessories, see the Standard catalog 2017 and Extra issue 2019 or 2019 part2.

\*2 Fits the DMR-50 and DMR-60 only

For other containers for delivery to mailboxes than those listed, please see Standard Catalog Extra Issue 2019 part 2 or our website.
